WIN A TINY HOUSE AND HELP SENIORS IN NEED

Wrap up a raffle ticket for your favorite person this Christmas, and you may be giving them a tiny house!

Caldwell-based nonprofit Metro Community Services has announced its next tiny house as part of the Project Tiny House partnership with COSSA Regional Technology and Education Center in Wilder. The one-of-a-kind design was inspired by Brian Crabb, lead designer for FYI Network's reality series "Tiny House Nation," and is being built entirely by COSSA high school students under the guidance of COSSA instructor Rick Ray. Idaho Power, a sponsor of Project Tiny House, has donated a Daikin heat ductless heat pump, and other unique features and amenities will be installed as construction continues and donations are received.

The money raised from the sale of Project Tiny House tickets could mean 20,000 hot, nutritious meals for homebound seniors in Ada County through Metro Meals on Wheels, the purchase of two new vans to transport Canyon County seniors to medical appointments, or the expansion of a variety of critical services for area seniors.

Raffle tickets are $100 each and are on a special "buy one, get one free" sale now through December 31. Only 1,000 tickets will be sold, and the drawing will be held in August 2018. Tickets can be purchased at the following locations:

- Metro Community Services, 304 N. Kimball Avenue, Caldwell 83605, (208) 459-0063
- Metro Meals on Wheels, 4900 N. Rosepoint Way, Suite B, Boise 83713, (208) 321-0030
